ABOUT US

ABI – ACOUSTIC BOARD INDIA is in to the manufacturing of a wide series of wall and ceiling acoustical products along with turnkey solutions to each and every requirement with a diverse range in styles and materials for both interior and exterior environments that features classic and elegant concepts.

INNOVATING FOR BETTER SPACES

Innovative product development is a major focus of our business. On an on-going basis, our in-house specialists focus on improving the outcome of sound performance while setting our specifications within the ISO and ATSM standard requirements. We strive to create aesthetically appealing high-end series products with characteristics in the designs that meet the needs of metropolitan lifestyle.

EXCELLENT ACOUSTICS

Reduces noise, echo & reverberation effectively.

ECO-FRIENDLY

Made from recycled polyester fiber.

FIRE RETARDANT

Safe, durable & compliant with fire standards.

EASY INSTALLATION

Lightweight panels for quick & hassle-free setup.

PREMIUM FINISH

Elegant wood-look finish for modern interiors.
